Seminars & workshops

You can hold a presentation in a seminar moderated by us or hold your own workshop. Duration of a presentation in a seminar: 20 - 25 minutes / Duration of a workshop: 60 minutes

SEMINAR TOPICS 2022

The seminars will take place at the Open-Space Forum in the Halls North and South. Wireless headphones with Channel selection (silent disco principle).

FIBRE OPTIC NETWORKS:

Planning, construction, operation & service, technical innovations

FIBER OPTIC NETWORKS - GIGABIT SOCIETY:

Business Models, Products & Services, Marketing & Sales

FIBER OPTIC NETWORKS & NEW MEDIA:

Cooperation models

FIBRE OPTIC NETWORKS:

Legal certainty and infrastructure security - Security first!

FIBER OPTIC NETWORKS - Fiber for Future

Digitalization and sustainability

The seminars take place as follows:

1st day of the fair - 14.06.2022: 2 - 6 pm

2nd day of the fair - 15.06.2022: 10 am - 2 pm

SEMINAR-PACKAGE	MEMBERS	NON-MEMBERS
	650,-€	950,-€

Your presentation will be part of our seminars in the trade fair programme. Your presentation should last 25 minutes and allow questions from the audience.

WORKSHOP-PACKAGE	MEMBERS	NON-MEMBERS
	650,-€	950,-€

Organise your own workshop (also possible with partner companies). We provide you with a seminar room for 60 minutes with seating in rows or blocks. You decide on content, type and moderation.

Contact for seminar and workshop program: Anna Nass, nass@brekoverband.de.

Deadline booking seminar or workshop package: 26 April 2022

The walls applicable to the stand are highlighted in colour in the stand plan (e.g. 2 walls at the stand). The power connection is marked with an X.

Road map

By car

Street and visitor address:
RheinMain CongressCenter
Friedrich-Ebert-Allee 1 | D-65185 Wiesbaden

From the Cologne (Köln) direction A3 motorway:

Exit Niedernhausen, stay on the B455 road which merges into New-York-Straße. Continue along Gustav-Stresemann-Ring (1. Ring) and turn right into Friedrich-Ebert-Allee. The RMCC is approx. 600 metres on the left after the green.

From the Frankfurt direction A66 motorway:

Exit Wiesbaden-Stadtmitte, follow the RheinMain CongressCenter signs on the B54 road. Continue left through the underpass to Gustav-Stresemann-Ring (1. Ring) and turn right at the second crossroads into Friedrich-Ebert-Allee. The RMCC is approx. 600 metres on the left after the green.

From Darmstadt A67/ A671 motorways:

Exit Wiesbaden-Mainzer Straße, follow the RheinMain CongressCenter signs. Take a left at the crossroads and then right into Friedrich-Ebert-Allee. The RMCC is approx. 600 metres on the left after the green.

From Mainz A60 / A63 / A643 motorways:

Stay on the A643 motorway, which merges into Schiersteiner Straße ending at Kaiser-Friedrich-Ring. Turn right onto the 1. Ring and then left opposite the train station into Friedrich-Ebert-Allee. The RMCC is approx. 600 metres on the left after the green.

By public transport

By public transport

The "Rheinstraße/ RheinMain CongressCenter" bus stop is 100 metres from the RMCC with several bus lines stopping there every two minutes daily. The ESWE lines 1, 4, 8, 14, 27, 30, 45, 46 and 47 as well as lines from the RTV-Verbund stop at this bus stop. More information on the exact timetables at www.rmv.de.

The RMCC is just two stops from Wiesbaden train station. It is 5-10 minutes on foot. Cross Gustav-Stresemann-Ring and walk along Friedrich-Ebert-Allee on the right side of the green (Reisinger-Anlagen).

Parking

There is public chargeable parking in the RMCC (operator: Contipark Parkgaragengesellschaft mbH). You reach the underground carpark from Friedrich-Ebert-Allee. The carpark has 800 parking spaces. "Parkhaus Luisenplatz", just 5 minutes on foot, has a further 320 spaces. "Parkhaus Lilien-carree" has 370 spaces and "Tiefgarage Lilien-carree" has 790 spaces, 10 minutes on foot from the RMCC.

Carparks - Parking spaces

Parkgarage RMCC – 800 spaces
Tiefgarage Liliencarré – 790 spaces
Parkhaus Liliencarré – 370 spaces
Parkhaus Luisenplatz – 320 spaces

Leaflet for printing-data delivery

Digital printing

We prefer printable PDF files that are created with the following programmes:

Illustrator, In Design, Photoshop. However, we strongly recommend that you do not create the entire display layout in Photoshop, as this causes unnecessarily large volumes of data and thus increases processing times. Other programmes on request please. Excel, Word, CAD, gif. or Power Point files are NOT suitable.

Please also note that images from internet applications CANNOT be used for printing, as the resolution is usually too low.

Text/logos

We need all of the text and fonts that were used in the document. Please provide these or convert all of the texts into paths. As soon as open files (.indd, .ai, .fh) with text and logos are added, please send them to us in case it is not possible to convert them into paths.

Colours

All colours should be created in CMYK mode or converted (no RGB). For single-colour surfaces, CI colours in logos and the like, please provide binding colour information such as Pantone or HKS. Special colours can only be simulated (e.g. gold, silver, neon colours...).

Size

The graphic should be set up, if possible, using the size of the end format. You should choose a ratio of 1:1 for formats over 4m. Alternatives are 1:2, 1:5 or maximum 1:10.

File sizes for the wall panels and stand boards:

	Forex print size (incl. bleed)	Forex visual size	Textile printing with Keder
Wall panel 2,50 x 1,00 m	2512 x 1024 mm	2472 x 984 mm	2480 x 992 mm
Wall panel / stand board 2,50 x 0,50 m	2512 x 528 mm	2472 x 488 mm	2480 x 496 mm

Continued on next page.

Stand lettering - signage

File sizes for maximum print with pure pixel templates:

Format	Resolution 1:1	Pixel	Full size JPG	Full size TIFF
smaller - A3	300 dpi	4900 x 3500 (A3)	5 - 7 MB	50 MB
A3 - A1	150 dpi	4900 x 3500 (A1)	5 - 10 MB	55 MB
A0 - 2 m ²	100 dpi	7800 x 12500 (2x2xm)	14 - 17 MB	230 MB
3 m - larger	mind. 80 dpi	12500 x 12500 (4x4m)	25 - 30 MB	600 MB

Lower resolution produces blurred print and compression artefacts become visible!

Images

Images should be supplied as TIFF or JPG with high quality (10-12). They should be saved as Photoshop JPG with a compression quality of 11-12 to reduce data volumes.

Printer marks

When exporting the data, please ensure that no crop marks or fiducials are printed. A (colour) control strip is also not required. If trimming is necessary, these print marks are not required for our production.

File formats & file sizes

.tiff files (CMYK), .eps files (CMYK), .printable .pdf files (CMYK), .high-resolution .jpg files

Foil lettering

Please send us your files as printable PDF or open AI or EPS and note that the data should be vectorised.

Tip: switch to outline mode in your software (also called path view). Everything you then see as a line is plotted or cut. Before saving your data, you should simply convert all cuts into curves or paths.

Continued on next page.

Stand lettering - signage

Other important information

Please always provide embedded files with your other data (all graphics, logos, text (see above)). PDF files are very suitable for safely transferring data. The prerequisite for creating a printable PDF is the full version of the Adobe Acrobat 5 software with the Acrobat 5 Distiller programme module.

Please note that PDF files can only be created with uncompressed picture data. If data are created proportionally, all pixel graphics must also be scaled proportionally. We recommend a proof run on the original material, if necessary, also with the original surface laminate.

For every order, we require a layout with binding stand and colour information and a binding colour proof. Without this information, we cannot guarantee accuracy. The data transfer usually takes place after agreement and is implemented by a file transfer server.

Erroneous print data

Please take care that the specifications are observed.

You are welcome to use our print templates in order to avoid erroneous data. If the print data are created incorrectly or erroneously, the graphic editing shall be invoiced at an hourly rate of €75.

Delivery date:

Due to overlapping of dates during set-up times, it is not always possible to deliver the device to your stand at the desired time. We process orders chronologically entry of and do our best to avoid major delays. We apologise for any inconvenience. Thank you.

RETURN DATE: up to 6 weeks before set-up!

Rental conditions and terms of payment

The deliveries, services and quotes by the lessor are based exclusively on these terms and conditions.

1. The rental object shall be provided for the agreed purpose and agreed time. The rent prices shall apply for the duration of the event.
2. The listed prices are net prices and do not include the legal VAT. The price includes set-up and dis-assembly, delivery and collection.
3. Delivery shall be on the last set-up day.
4. The lessor shall not be responsible for defaults in upstream deliveries due to force majeure that hinder or make delivery impossible even if set deadlines were agreed.
5. The rental object shall be collected as quickly as possible after the end of the event. The lessee shall pay for the replacement, repair or cleaning of missing, damaged or soiled rental objects in addition to the agreed rent price.
6. The liability of the lessee shall begin with the delivery and terminate with collection of the same. The rental object is not insured by the lessor during the rental period.
7. The lessor reserves the right to provide an equivalent substitute in the event that certain objects are out of stock.
8. Complaints are only possible before the event begins. Subsequent complaints shall not be considered.

Continued on next page.

RETURN DATE: up to 6 weeks before set-up!

Electrical installations

Contractual terms and connection conditions

for electrical installations at trade fairs and exhibitions in the RheinMain CongressCenter Wiesbaden.

A. Description of connection work

The work includes laying electrical cables with the necessary cross-section according to the provided output volume in kW, from the hall distributor or the nearest point of supply to the respective exhibition/ trade fair stand whereby the distance from the point of supply is of no relevance, as an average value was calculated in this case. The quoted prices are based on a calculation of at least 30 consumers. The prices shall be adjusted to the new situation if there are less than 30 consumers. The order form has been inspected by the exhibition management. We kindly ask you to observe the mentioned return date when placing the order; a surcharge of 25 % shall be invoiced for orders received later, or the supplier shall reserve the right to accept an order.

B. Technical guidelines

1. The exhibitor or their agent shall not be granted access to the hall installation. Electrical work may be carried out inside the stands by the exhibitor's own qualified electricians or by licensed specialist companies according to the German VDE electro-technology association regulations. The exhibitor declares that they or persons and companies engaged by them shall observe all legal and insurance-relevant regulations during set-up, the duration of the event and de-rigging. These include amongst others VDE 0100, BGV A1, BGV A3, TRBS 1201.
2. All power distributors used must be protected with an RCD (ELCB) $U_{\Delta n} \leq 30\text{mA}$. Conductive elements (e.g. crossbeams with electrical installations) shall be included in the measurements for protection in case of indirect contact. They shall be provided with an additional protection potential equalisation (copper, at least 10mm^2) by the constructor of the system (VDE0100 part 711). The point of supply at the stand area can be ordered via this order form. The potential equalisation connection between the point of supply and the crossbeam can be attached by the exhibitor or the service company. Extension cables or distribution board sockets shall be used with a cable cross-section of at least 1.5mm^2 exclusively.
3. In the event that registered supply is exceeded, the contractual electrician is entitled to immediately cut off the connection in order to ensure that the other exhibitors receive an even power supply. Special connections are necessary for electrical installations that cannot be supplied from the basic network due to their high connection value.
4. The supplier is entitled to inspect the electrical work that is carried out by the exhibitor or their agent and to cut off the power supply if deficits are detected. The supplier is, however, not obligated to inspect the electrical work and shall assume no liability for the same. Particular reference is made to safety measures, protection against accidental contact and fire prevention measures, as well as non-flammable lights and device underlays.
5. It is possible for the lessee to cancel an order up to 8 working days before set-up starts. If cancellation is made at a later time, the lessee shall be charged the full price.
6. The replacement of fuses or maintenance after power failure caused by overload or other reasons shall be invoiced based on daily wage sheet.
7. RMH GmbH reserves the right to cut off the complete power supply after the end of the event for safety reasons where necessary.
8. The entire installation material and devices are provided on a loan basis and remain the property of the supplier. The customer shall be liable for the proper return at the end of the exhibition. The rented objects shall not be insured by the lessor. Missing or damaged parts shall be invoiced at the original price. Material and rental devices that are removed from the event site shall not be taken back and shall be fully invoiced.
9. The supplier shall assume no liability for possible power failure or fluctuations in voltage and resulting damage or consequential damage. The exhibitor's insurance shall cover the damage, if necessary.
10. The power supply shall be cut off if power is supplied to parties other than the contractual partner. The connection cost shall be paid even if the supply is stopped.
11. Complaints shall be communicated to the installation company without delay, in any case before the exhibition begins. If this is not carried out on time, the installation company shall maintain their claim to full payment.
12. We kindly ask you to include a drawing with the desired installations when awarding the contract. If the desired stand supply point is not provided, we shall choose the most convenient place. A subsequent change shall incur additional costs.

	Installation per LAN connection up to the terminal device	single payment	165,00 €
	User fee per day and connection	per day	55,00 €

Scope of service: 10/100/1000 Mbit/s (RJ-45) network connection (wired) installed in stand or defined location according to enclosed drawing of the stand • optional public IP address • firewall protected • set-up support and IT support directly at stand included in price • guaranteed VPN support • no volume restriction (flat rate) • optional multi-user capability • no additional hardware necessary for access; merely switches and network cable for your sub-distribution, if required • additional services on request

Hardware for rental

Quantity	Service		Price
	Switch 10/100/1000 Mbit/s – 8 Port/s	single payment	35,00 €

Telecommunications technology

Quantity	Service		Price
	Landline telephone incl. national flat rate per event (insofar as available)	single payment	35,00 €
	Cordless telephone incl. national flat rate per event (insofar as available)	single payment	35,00 €

All prices do not include the legal VAT unless listed otherwise.

Please note the General Terms and Conditions for the Provision of Services on the next page.

General services and conditions for internet access and hardware rental:

1. The listed prices include delivery, set-up and collection of the hardware. The offered products shall be taken into operation upon delivery.
2. The configuration / installation of additional equipment and software brought by the customer is NOT included in the scope of supply.
3. The usable internet bandwidth depends on the internet load and the speed of the servers providing in the internet.
4. We reserve the right to charge a 25-50% surcharge (on the respective service) for requests at short notice made during set-up.
5. A stand-by on-call service shall be available during the trade fair / exhibition opening hours at +49 (0)611 1729-220.
6. Please forward to us any questions that arise in relation to the hardware/ software, the service or performance of specific products we use.
7. Defective hardware shall be replaced as quickly as possible. We reserve the right to supply similar devices of the same quality in the event of repairs. We kindly ask you to inform us if identical hardware is urgently required.
8. The customer shall be responsible for complying with licensing terms for software they have brought themselves, even if the software was installed by us.
9. It is forbidden to operate own WLAN networks (for example via mobile phone or own routers) on the premises of the RheinMain CongressCenter.
10. All of the supplied devices are RMCC loan devices and are available to our customers on a loan basis. We kindly ask you to handle the devices with care and use them for their intended purpose. Packaging materials left with the customer shall remain with them until they are collected. Please ensure that all the packaging materials incl. accessories are returned.
11. The loan service is at the customer's risk. The customer shall ensure that the devices are safely protected. Lost devices shall be invoiced at market conditions. In the event of damage to the devices, the cost for material and labour shall be compensated. Missing parts and accessories shall be invoiced at replacement value.
12. Orders that are confirmed in writing shall be invoiced if there is no written cancellation up to 2 weeks before the respective event at the latest. Receipt of the cancellation must be confirmed by the RheinMain CongressCenter.
13. Objections to the provided service shall be submitted during the event. Objections brought forward after invoicing cannot be considered or examined.
14. The general contract documents of Wiesbaden Congress & Marketing GmbH, which are available via www.wiesbaden.de/avb, apply. On request, we will send them to you.

Supervision - hostess service

Staff request

To support our stand personnel, we require:

Description	Quantity	Days	m/f	Hourly rate per person
Stand supervision				34,00 €
Host / hostess				34,00 €

General conditions and terms of payment

The deliveries, services and quotes by the service provider are based exclusively on these terms and conditions.

1. The listed prices are net prices and do not include the legal VAT.
2. Basis for the above mentioned conditions is a minimum working time of 4 h / employee / day.
3. Payment conditions: Immediately after receipt of the invoice. Please make foreign payments free of charge.
- 4 The service provider shall not be held responsible for personnel shortages due to force majeure that hinder or prevent fulfilment of the contract even if set deadlines were agreed.
5. It is possible for the customer to cancel an order up to ten days before the event begins. If cancellation is made at a later time, the customer shall be charged the full price.

Place of jurisdiction and place of performance, including for default action, is Wiesbaden. The order form signed by the exhibitor or their agent is legally binding.

Delivery

Due to limited space in the loading area and the large number of exhibitors, we work with delivery/removal slots. Please enter the requested information in the web portal. We will try to consider your desired time and will inform you about possible changes at an early stage.
